BACKED BY THE BEST

BACKED BY BERKSHIRE HATHAWAY

Founded in 1996, Forest River Inc. has grown to become one of the largest recreational vehicle manufacturers in the world. Forest River, Inc. is also one of the largest employers in the recreational vehicle industry with approximately 15,000 employees and more than 90 manufacturing facilities throughout the country.

As a division of Forest River, Inc., a wholly owned subsidiary of Berkshire Hathaway, Forest River Marine offers the kind of financial stability to its customers that no other recreational products company can provide. Forest River Marine will remain committed to continual product improvement as a means to provide its owners with a lifetime of enjoyment and impeccable value.

A LIFETIME OF FUN

WARRANTY INFORMATION

Forest River Marine is committed to building the best pontoon boat on the market, accompanied by our 7-Year warranty. We provide our customers with a level of trust and confidence by standing behind our products.

Lifetime (Original Owner)

The National Marine Manufacturers Association (NMMA) is the nation's leading trade association representing boat manufacturers. NMMA members manufacture approximately 80% of marine products used in North America. It is a unifying force and powerful voice for the recreational boating industry, working to strengthen and grow boating. Forest River Marine is and has been a member in good standing with the NMMA.

THE ULTIMATE DECKING

2X STRONGER AND 40% LIGHTER THAN INDUSTRY STANDARD MARINE GRADE PLYWOOD

WEATHER & FADE RESISTANT FLOORING

We use marine grade vinyl that gives protection from ultraviolet (UV) rays from the sun. This ensures longevity and resistance to color fading.

INTEGRATED DECK TRIM & RUB RAIL

No glue, no worries. Trim won't detach due to failing adhesives.

CONTINUOUS RISER BRACKET

We weld our risers directly to the tubes for the strongest and most rigid chassis structure available.

PRESSURIZED TUBES

Air pressure increases the rigidity and durability of pontoons. Our design features a standard Schrader valve for quick maintenance and serviceability.

52-INCH NOSE CONE

You'll notice an instant increase in acceleration by the ability to get on plane faster

STRONGER BONDED BOLT THROUGH METHOD

Screwed, glued & bolted. Our bolt attachment technique will last years longer than traditional methods.

MULTI-POINT REINFORCED SPLASH FIN

Keep splash back off your boat. Standard for Forest River Marine, not a gimmicky upsell.

Z42 COMPOSITE DECK

Our Z42 composite deck is the best in the business. Consisting of a solid one piece deck with no seams, this manufacturing process is superior to all competitors. Our construction eliminates moisture absorption, mold growth, and deck rot that is found in traditional plywood systems. This decking will prolong the life of your boat to its fullest.

REINFORCED CONTINUOUS BOW

Constructed of C-channel and box channel tubing, resulting in the strongest bow on the market.

MERCURY

Mercury is committed to make every minute count. With innovative technologies, simple maintenance and efficient performance, Mercury FourStroke outboards were engineered to elevate every moment on the water.

MERCURY RACING

More than a function of a throttle position, Wide Open is an expression of their core philosophy. Mercury Racing recognizes no boundaries and accepts no compromises. Where others perceive a barrier, we see an opportunity. Mercury Racing creates premium marine power to take you faster and farther. They give you control to shatter expectations. The world offers limits, Mercury Racing offers freedom.

SUZUKI

Suzuki Marine's experience is backed by a commitment to 4-stroke technology. They offer the most reliable, powerful 4-strokes that are a perfect fit for today's boats. Suzuki Marine boasts of having the industry's largest all 4-stroke lineup.

YAMAHA

It all starts with the reliability, performance, and innovation you've come to expect from Yamaha Outboards. For more than 30 years, Yamaha Outboards have delivered far more than superior power, performance, and efficiency. Yamaha owners get something that can't be measured in HP or RPM-legendary Yamaha reliability.

HONDA

Honda Marine means quality, reliability, advanced technology, and better fuel efficiency. Honda introduced the first 4-stroke outboard engine in America more than 40 years ago. Today, Honda outboards still delivers best-of-class features.
